The Food Bank RGV will be celebrating its 30th anniversary in 2016. In those years, the Food Bank RGV has fed thousands of families with the help of the community, businesses and state & federal partnerships.

Our unwavering mission of being passionately committed to improving lives through food assistance, nutrition education and access to community services has lead us through many challenges.

The majority of support comes in the form of donated food (commodities from individuals and corporations) and the federal government. Without this balance, our efforts of feeding the hungry in our service area would be greatly affected.

As always, we pride ourselves with 97% of our expenditures directed towards Program Services, ensuring our donor's contributions are helping feed so many.

The Food Bank RGV does not discriminate against race, color, sex, religion, national origin, age or disability.
